SUMMARY

Results-driven **Senior Full-Stack Engineer** with 9+ years of experience designing, developing, and scaling software systems across automotive, education, and SaaS domains. Skilled in building **cloud-native microservices, multi-tenant platforms, and CI/CD pipelines**. Proven leader in engineering teams, enforcing SOLID principles, and delivering secure, maintainable systems. Seeking a **Software Architect / Technical Lead** role focused on modern cloud architecture and DevOps automation.

TECHNICAL SKILLS

- **Languages & Frameworks:** PHP, Laravel, Yii2, Node.js, Python, Django, Flask, Ruby on Rails, React, React Native, Angular, C#, Android
- **Architecture & Backend:** REST, GraphQL, Microservices, Event-Driven Design, Multi-Tenancy, System Design, SOLID, OOP, Scalability, Observability
- **Databases & Caching:** MySQL, PostgreSQL, MongoDB, Redis, Memcached, Query Optimization, Data Modeling
- **Cloud & DevOps:** AWS (S3, EC2, Lambda), Azure (Blob, App Services, Functions), Docker, Kubernetes, Terraform, CI/CD (GitHub Actions, Azure DevOps), Nginx
- **Tools & Practices:** Agile (Scrum/Kanban), GitFlow, Postman, JIRA, VS Code, Git, Miro, Mentorship, Security and DevOps Best Practices

PROFESSIONAL EXPERIENCE

Saturn Experts Inc.

Jul 2025 – Present

Senior Software Engineer

Calgary, AB, Canada Tech Stack: Django, PHP, React, PostgreSQL, AWS

- Leading development of enterprise-level software solutions with focus on scalability, performance optimization, and architectural excellence.
- Driving technical innovation through code reviews, architectural decisions, and implementation of industry best practices.

AutoCenter LLC

May 2022 – Jun 2025

Principal Software Engineer and Team Lead Dallas, USA (Remote) Tech Stack: Laravel, Yii2, Angular, React, Node.js, MySQL, Azure

- Architected and led development of a **multi-tenant Auto Dealer Management System** serving 50+ dealerships across CRM, inventory, billing, and reporting.
- Improved system performance with Laravel Horizon, Redis caching, and job queue tuning, reducing response time by **40%**.
- Integrated **Azure Blob Storage** for secure, scalable document management of 1M+ files.
- Automated marketing pipelines via Mailchimp and Twilio, increasing engagement by **25%**.
- Mentored an 8-member globally distributed team, introduced coding standards, peer reviews, and optimized CI/CD pipelines with GitHub Actions and Azure DevOps.
- Developed **Angular-based Marketplace**, **React-based Dealer Admin Panel (DMS)**, and **Yii2-powered CMS** with RouteOne credit integration.

Arbisoft

Aug 2019 – Feb 2022

Senior Software Engineer

Lahore, Pakistan Tech Stack: Django, React, Open edX, Python

- Engineered interactive XBlocks and customized **Open edX** to enhance learning engagement by **20%**.
- Coordinated 20+ engineers to maintain architecture consistency and CI/CD reliability.
- Led company-wide **Clean Code sessions** for 100+ engineers, improving maintainability and reducing technical debt.
- Containerized and deployed apps using Docker, cutting setup time by **50%**.

Bayt.com / VFairs

May 2017 – Aug 2019

Software Engineer

Lahore, Pakistan Tech Stack: Yii2, Angular, AWS, PHP

- Developed core modules for a large-scale virtual events platform handling thousands of concurrent users.
- Built a no-code **Angular website builder**, enabling client-managed event customization.
- Re-engineered SaaS admin panels with Yii2 and Laravel, improving onboarding and automation.
- Achieved 99.9% uptime and received **"Top Performer of the Quarter"** (Q2 2018).

Swenggco Software

Associate Software Engineer

Oct 2016 – Apr 2017

Sialkot, Pakistan Tech Stack: PHP (CodeIgniter), AngularJS, Android

- Developed full-stack **PHP (CodeIgniter) + AngularJS** applications for internal and client systems.
- Built native Android applications for mobile-first client solutions.
- Migrated legacy PHP systems to scalable architectures.
- Built internal ERP (**Schroll ERP**) automating workflows and reports.

EDUCATION

GIFT University

Bachelor's in Computer Science

Oct 2012 – Aug 2016

Gujranwala, Pakistan

CERTIFICATIONS & AWARDS

- **Certification:** edX Honor Code Certificate for Programming with C#
- **Awards:** Won Nascon'16 Web Programming Competition, Nascon'15 Speed Programming Championship, Soft-ech'15 Bilal Hashmi Speed Programming Competition
